

Since 1955 | Redefining what's possible

Dover is a diversified global manufacturer and solutions provider with annual revenue of approximately \$7 billion. We deliver innovative equipment and components, consumable supplies, aftermarket parts, software and digital solutions, and support services through five operating segments listed below. See more at dovercorporation.com.

ENGINEERED PRODUCTS

Delivering industry-leading equipment, components and software serving the vehicle service, environmental solutions and other end markets.

FUELING SOLUTIONS

Providing a comprehensive portfolio of high-quality and cutting-edge products and solutions for the retail fueling and other adjacent markets.

IMAGING & IDENTIFICATION

Leading the design and manufacture of equipment, consumables and software, in addition to providing support services for the marking & coding and digital textile printing markets.

PUMPS & PROCESS SOLUTIONS

Creating performance-critical solutions and products for the safe handling of fluids across the chemical, hygienic, oil & gas and industrial markets.

REFRIGERATION & FOOD EQUIPMENT

Developing and supplying innovative and energy-efficient equipment and systems serving the commercial refrigeration, foodservice & beverage equipment and heating & cooling markets.
