

Since 1955 | Redefining what's possible

Dover is a diversified global manufacturer and solutions provider with annual revenue of over \$7 billion. We deliver innovative equipment and components, consumable supplies, aftermarket parts, software and digital solutions, and support services through five operating segments listed below. See more at dovercorporation.com.

ENGINEERED PRODUCTS

Delivering industry-leading equipment, components and software serving the vehicle aftermarket, industrial automation and aerospace & defense end markets.

CLEAN ENERGY & FUELING

Providing a comprehensive portfolio of safety and efficiency solutions for the convenience retail, fueling and clean energy, cryogenic gas and vehicle wash markets.

IMAGING & IDENTIFICATION

Leading the design and manufacture of equipment, consumables and software, in addition to providing support services for the marking & coding, product traceability and authentication and digital textile printing markets.

PUMPS & PROCESS SOLUTIONS

Supplying performance-critical components and solutions for the safe handling of fluids across the chemical, bioproduction, hygienic, energy and diversified industrial markets.

CLIMATE & SUSTAINABILITY TECHNOLOGIES

Developing and supplying innovative and energy-efficient equipment and systems serving the commercial refrigeration, heating & cooling and beverage packaging equipment markets.
